A Mysterious Crystal
519

The stone resonates in your hand the moment you touch it. The stone is alluring and beautiful, and something about it seems almost alive. Then, into your mind, it whispers a mesmerizing promise - for unrivaled power and the means to see all your dreams come true. Look deep, deep inside yourself and find whatever darkness exists in your (character's) soul. That part of you comes alive for the stone, believing it on a visceral level, and urging you to protect it, to possess it, and to keep it safe.

Gain the Goal: Possess and Protect the Crystal. Don't let anyone take it away, even for a moment
